Detailed Action

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. **Claims 21-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.**

Claim 21, "the small scale apertures" (last line) lacks antecedent basis. It is suggested that the phrase be changed to -- the apertures of the resilient three dimensional apertured formed film --.

Response to Applicant's Comments

2. The comments filed 6-16-06 and 5-23-06 have been entered and considered.

Allowable Subject Matter

3. **Claims 21-30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.**

4. The reasons for the indication of allowable subject matter are provided in the prior Office action.

Art Unit: 1734

5. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
